

## 2021 ASE Virtual Instructor Training Conference Agenda

Date	Eastern Daylight Time	Auto Track	Collision Track	Truck Track
Monday July 26 2021	11:00 am - 12:30 pm	<b>ASE Ed Foundation - Opening Session</b>		
		We will share the latest information and updates on accreditation and other ASE Education Foundation projects including updates to the 2021 Automobile Task and Tool Lists, Registered Apprenticeship Pilot, Adopt-A-School Toolkit, and more!		
	1:00 pm - 2:30 pm	<b>General Motors</b>	<b>3M</b>	<b>Daimler Truck</b>
		Electric Vehicle Operations and Diagnostic Strategies / Awareness	Dust is the Enemy	Vibration Analysis
	3:00 pm - 4:30 pm	<b>NAPA Training</b>	<b>Collision Advice</b>	<b>Reliance Supply</b>
		Targeting & Destroying Intermittent Problems	Scanning - It's Not Just About DTC's	Fastener Training 101
Tuesday July 27 2021	11:00 am - 12:30 pm	<b>Garage Gurus</b>	<b>Car-O-Liner</b>	<b>UPS</b>
		Troubleshooting Parasitic Battery Drain	ADAS Re-calibration using Electronic Imaging Measuring System (EIMS)	Fleet Perspective on the Use of Alternative Fuel Vehicles: CNG/LNG, Hybrid
	1:00 pm - 2:30 pm	<b>ATech Training</b>	<b>Axalta</b>	<b>ConMet</b>
		Structured Skilled Development in Teaching Electrical Diagnostics	OEM Colors Creating Challenges for the Body Shop	Wheel Ends for Heavy Duty Trucks and Trailers
	3:00 pm - 4:30 pm	<b>CARQUEST</b>	<b>I-CAR</b>	<b>Truck-Lite</b>
		Automotive HVAC Update	Preparing Students to Enter the Collision Repair Field	Trailer Lighting 101

Wednesday July 28 2021	11:00 am - 12:30 pm	<b>Honda</b>	<b>I-CAR</b>	<b>FedEx Freight</b>
		Honda/Radar & Camera Systems Aiming Best Practices	ADAS and the Impact on Collision Repair	Understanding Aftertreatment for Proper Diagnosis and Repair
	1:00 pm - 2:30 pm	<b>Subaru</b>	<b>Collision Hub</b>	<b>Exxon/Mobil</b>
		Subaru Select Monitor IV	The Evolution of Vehicle Construction Materials & Impact on Collision Repair	Lubricants and Fuels
	3:00 pm - 4:30 pm	<b>Ford</b>	<b>Sherwin Williams</b>	<b>TA-Petro</b>
		The Future of the Three Eights	Why Best Demonstrated Practices Will Be Our New Normal	The In's and Out's of Electronic Systems
Thursday July 29 2021	11:00 am - 12:30 pm	<b>Snap-on</b>	<b>BASF</b>	<b>Isuzu</b>
		Delivering a World Class Training Experience	What it Takes To Be An Effective Educator	Strategy Based Diagnostics – Have a Plan!
	1:00 pm - 2:30 pm	<b>BMW</b>	<b>Miller Electric</b>	<b>Noregon</b>
		BMW Dynamic Stability Control (DSCi)	Instructors Guide to GMAW - Collision Edition	Simplifying Diagnostics on Complex Systems
	3:00 pm - 4:30 pm	<b>Audi</b>	<b>CCC</b>	<b>Navistar</b>
		Audi Dynamic & 4 Wheel Steering and New Technologies	An Introduction to CCC's Estimating Application	CE Electric Bus
Friday July 30 2021	11:00 am - 12:30 pm	<b>WD-40</b>	<b>Chief</b>	<b>Ryder</b>
		Getting The Job Done Right	ADAS Systems and the Importance of Correct Calibrations	Medium/Heavy Truck Preventive Maintenance
	1:00 pm - 2:30 pm	<b>Toyota</b>	<b>Polyvance</b>	<b>HDA Truck Pride</b>
		High Voltage Electrical Diagnosis	Automotive Plastic Repair - Latest Developments	Proper Fifth Wheel Maintenance and Rebuild
	3:00 pm - 4:30 pm	<b>Stellantis</b>	<b>Tradiebot</b>	<b>Redline Detection</b>
		Jeep Wrangler 4xe PHEV	Education Transformation	Improve Diagnostic Accuracy with High Pressure Leak Detection

Revised 6/14/2021
